BILLING EXPLANATION

WATER USAGE: 1 Unit = 1 CCF = 100 Cubic Feet = 748 Gallons

PAPERLESS eBILLING: If you would prefer to receive your bill electronically, sign up for eBill today. To change your billing method to eBill, log on or create an account at www.BBLDWP.com/BillPay. If you don't have an online account you can also sign up for eBill by calling us at (909)866-5050.

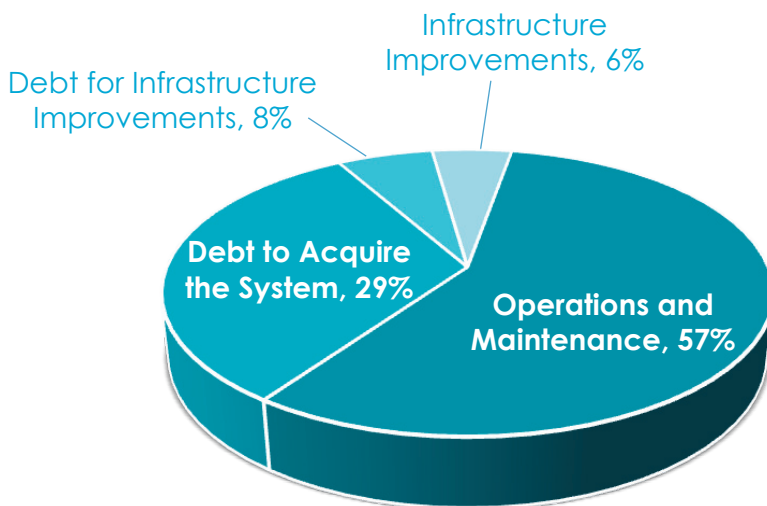

PRORATED BILLING: Prorated billing will occur when water service commences or terminates during the billing period.

ESTIMATED CHARGES: If your water usage was estimated, it will be indicated on your bill. When this occurs, the DWP's billing computer automatically estimates your usage (based on your previous usage). If your account was previously estimated, the computer will automatically credit your account if your water usage was overestimated, and charge your account if it was underestimated.

CHANGES IN OWNERSHIP: If ownership changes, please provide the DWP with the owner's name, address, telephone number, escrow company and closing date.

Rules and regulations regarding water service are available at
www.BBLDWP.com/Rules
